

Breathing Tubes, Nose Clips, Mouthpieces and Syringes

Nose Clips

These disposable and reusable Nose Clips are for keeping the nose closed during respiratory procedures. The Disposable Nose Clip is made of plastic with soft vinyl nose pads. The Reusable Nose Clip has a stainless steel torsion spring with silicone rubber nose pads and foam cushions. Supplied individually.

Catalog No.	Product
CGS 8419.68	Disposable Nose Clip
CGS 8420.68	Reusable Nose Clip

Reusable Mouthpieces

These mouthpieces are molded of soft, blue vinyl plastic and are offered in four sizes. The small adult mouthpiece has a retention ring that surrounds the orifice providing comfort for smaller mouths. The medium, large and exercise adult mouthpieces have two bite blocks with retainer edges. These edges allow the subject to hold onto the mouthpiece more securely. The bite blocks on the exercise mouthpiece are slightly larger, measuring 12.7 mm (1/2 in) thick, and hold the mouth open wider for easier breathing.

Catalog No.	Size	Mouthpiece Adapter, ID
CGS 8430.68	Small Adult	22.5 to 25.4 mm (7/8 to 1 in)
CGS 8431.68	Medium Adult	28.6 to 32 mm (1-1/8 to 1-1/4 in)
CGS 8432.68	Large Adult	32 to 35 mm (1-1/4 to 1-3/8 in)
CGS 8433.68	Exercise Adult	32 to 35 mm (1-1/4 to 1-3/8 in)

Breathing Tubes

These large, 35 mm (1-3/8 in) ID smooth bore Breathing Tubes are made of clear Ethylene Vinyl Acetate with no plasticizers. The insides of the Tubes are perfectly smooth for the least flow resistance, and the end fittings are integrally molded.
