

## Powerpette Plus Pipette Controller

- 8 hour battery life
- 3 aspirate & dispense modes all with variable speed including gravity dispense for TD pipettes
- Supplied with 3 filters and bench stand
- Environmentally friendly nickel metal hydride battery
- Comfortable concave triggers
- Autoclavable pipette holder
- Low battery light
- Rechargeable during use
- Suitable for all types of pipettes 1 to 100 ml
- CE marked

One of the lightest pipette controllers you can buy, the Powerpette Plus offers precision finger tip control in a streamlined pistol grip shape. The Powerpette Plus fits the hand perfectly with the pipette holder at an angle ideal for use within a laminar flow or biological safety cabinet.

Powerpette Plus is fitted with a 0.45 µm filter and supplied complete with AC adaptor, two spare hydrophobic filters (one each of 0.45 µm and 0.2 µm) bench stand, and instruction manual. Select from 6 colors.
