

Digitrate Digital Burette and Safety Reservoirs

Digitrate Digital Burette and Electronic Dispenser

- Accuracy with Digital Control
- Accuracy $\leq 0.2\%$, Precision $\leq 0.1\%$, Resolution 0.01 ml
- Chemically resistant and autoclavable liquid pathway
- Continuous display of volume dispensed with zero reset feature for multiple titrations
- Simple user calibration and factory reset
- Visible borosilicate glass barrel allows inspection of liquid before dispensing
- Dispense nozzle protection sleeve
- Head rotates 360°
- Precision valve mechanism ensures easy priming and minimum waste with no leakage back into the reservoir – the Digitrate stays fully primed all day
- Lifetime battery for > 60,000 titrations with 'auto-off'
- Safe anti-tip amber glass reservoirs with side filler neck available
- Manufactured to ISO 9002
- CE marked

Sterile Dispensing

Digitrate Digital Burette

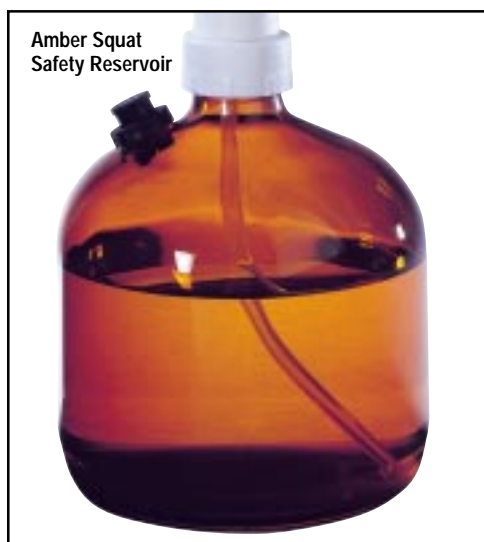

The Digitrate digital burette and electronic dispenser delivers accurate, precise and convenient bottle top titration. Designed with many new features, the Digitrate allows you even greater flexibility.

Sterile Dispensing

The entire liquid pathway may be autoclaved and a biological filter fitted as shown above. This setup will provide sterile dispensing.

The Digitrate Digital Burettes are supplied with 33, 38, and 45 mm adapters. Reservoirs must be purchased separately.

Catalog No.	Product
CGS 8036.39	Digitrate Digital Burette, 30 ml Capacity
CGS 8037.39	Digitrate Digital Burette, 50 ml Capacity
CGS 8038.39	Amber Squat Reservoir with Side Filler Neck, 1.4 l
CGS 8039.39	Amber Squat Reservoir with Side Filler Neck, 2.5 l
CGS 8040.39	Replacement Filter Set 0.45 μm , pkg. of 5
CGS 8041.39	Replacement Filter Set 0.20 μm , pkg. of 5
CGS 8042.39	Spare 0.45 μm Sterile Filter, pkg. of 1

Amber Squat Safety Reservoir

Amber Squat Safety Reservoirs

These safe, anti-tip, amber colored reservoirs are used with both the Digitrate Digital Burette and the Zippette bottle-top dispensers. Available in 2 sizes.
