

Ice Trays and Tube Racks

Igloo Mini

Igloo Midi

Igloo Maxi,
shown with Centrifuge Tube Racks

Igloo Mini, Midi and Maxi Ice Trays

The Igloo Mini, Midi and Maxi insulated trays are all designed to give good thermal storage of ice and dry ice, to maintain your samples and reagents in optimal condition, on the laboratory bench. The three units will accept standard acrylic racks enabling cool storage and safe support of microcentrifuge tubes.

The Igloo Mini will accept a single acrylic tube rack. These acrylic racks are available in a variety of configurations. The Igloo Midi is designed to accept two racks, whilst the Igloo Maxi will accept four racks for high throughput work. All three Igloo trays are manufactured from chemically resistant polystyrene and are supplied in easy to clean white.

Catalog No.	Product	External Dimensions, H x W x D
CGS 8119.39	Igloo Mini Ice Tray	244 x 165 x 80 mm (9.6 x 6.5 x 3.1 in)
CGS 8120.39	Igloo Midi Ice Tray	253 x 240 x 80 mm (10 x 9.4 x 3.1 in)
CGS 8121.39	Igloo Maxi Ice Tray	424 x 253 x 80 mm (16.7 x 9.4 x 3.1)

Igloo Acrylic Centrifuge Tube Racks
